## TERMINAL DISCLAIMER

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the prior patent, as the term of said prior patent is presently shortened by any terminal disclaimer, in the event that said prior patent later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of

competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.

Please charge Deposit Account No. 08-2336 the amount of \$130 for the terminal disclaimer fee under 37 CFR 1.20(d). For this purpose this letter is submitted in duplicate. Any deficiency or overpayment should be charged or credited to Deposit Account No. 08-2336.

The undersigned is empowered to act on behalf of Basell Polyolefine GmbH.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
